3rd June 2020

Dear Parents/Guardians

I hope this email finds you and your families well. I am sure many of you, like me, watched or listened to the Education Minister make her announcement regarding the future of schooling this term. We know many parents and guardians will have questions about the re-opening of schools following the Minister's announcement.

The Minister has announced that schools will increase operations from Monday 29th June and that the term will run until 27th July. The "Check in; Catch up; Prepare for summer and September" programme is designed to give all learners an opportunity to experience school in some way between now and the end of term.

As announced, guidance for schools will be published next week. We are working closely with the Local Authority to ensure we follow the guidelines and can do this as safely as possible. We are looking forward to welcoming our learners back to school. However, with a limit on how many learners we can accommodate at one time, we are currently working out the practicalities of how this will be done. We will update you once plans are finalised.
